WHO WE ARE

Steps Studios UK was founded in 2024 by Shaquille Brush and Rico Bakker.

Our home is **The Brick**, in Shoreditch. In a short time it has become a base for some of the industry's most celebrated dance classes, West End productions and international dance events.

Rooted in a creative community we have proudly been part of for over twenty years, our mission is to provide premium, yet accessible spaces where artists can move, create and belong.

Here's to doing our industry proud — and playing a small part in the incredible journeys of our fellow creatives.
